

FISHGUARD – LOCAL NOTICE TO MARINERS 02/2025

Seabed Grab Sampling

Issued 1st April 2025

Expires 18th April 2025

Please see attached Notice from the Environmental Agency and Briggs Marine

I am writing to give notice that the Environment Agency and Briggs Marine will be undertaking small scale seabed grab (0.1m²) sampling at 4 locations around Fishguard Bay in April. The vessel to be used is a bespoke coastal survey vessel (Severn Guardian) frequently used for this type of work and will be appropriately signed and lighted in accordance with collision regulation rules. Skippers and crew are experienced at undertaking these types of surveys. Details below and chart attached.

Survey Details

Survey work: Fishguard Bay benthic grab sample survey

Survey Period: 4-5th April (although this may change but will be between 03-18th April)

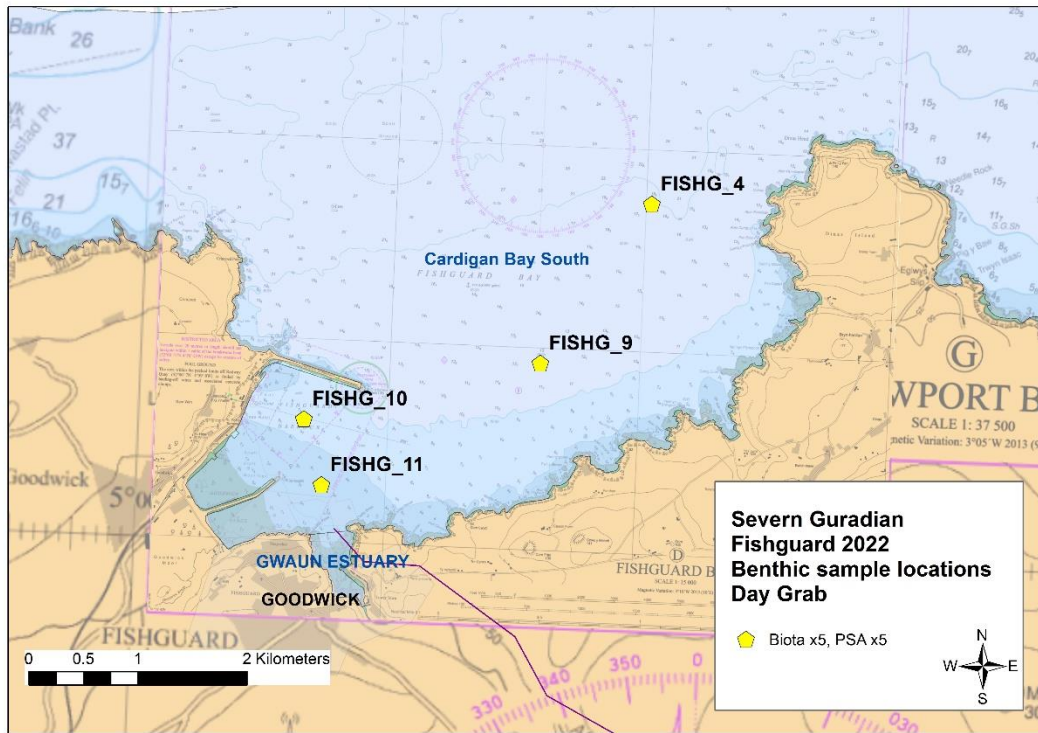

Survey duration: 2 days

Time on station: 15-60 mins

Sample locations: attached

Survey Vessel: Severn Guardian, Skipper: Mark Williams

Survey Officer: Tom Lord

Harbour Master
Port of Fishguard
