

FISHGUARD – LOCAL NOTICE TO MARINERS 03/2025

Please be advised that Stena Nordica will deploy her Marine Evacuation System for Drill purposes whilst alongside the Ferry Berth commencing 06:00 Monday 23 June.

All vessels are requested to keep at least 150m seaward of the operation and not to create undue wake.

No vessels except Stena Nordica and tug St. David allowed on any Quay Wall from 05:00 to 13:00 Monday 23 June without the express permission of the Port Manager.

It is anticipated that the MES equipment will be completely recovered to the quayside by 13:00 Monday 23 June.
